

When You Feel "Blue"

Out of Sorts, Half-Sick and everything seems to be going wrong, you need a dose or two of

HERBINE

It is a Pure, Wholesome System Cleanser and Regulator

The trouble is mainly in the liver, it is torpid. A torpid liver allows impurities to accumulate in the system which hamper every organ in the body. The result is biliousness, low spirits, bad digestion, a tired languid feeling, the head feels dizzy, the appetite poor and the bowels irregular—generally constipated. Herbine clears out all bilious impurities, revives and strengthens the torpid liver, tones the stomach and digestion and restores regularity in the bowels. After the system has been relieved of the impurities there is an immediate improvement. Appetite returns, the spirits rise, the mind clears of gloomy discouragement and everything looks bright and cheerful. Try it.

The Great Majestic Range.

The Range with a Reputation wins Gold Medal, the highest award at the Panama-Pacific International Exposition, San Francisco, California.

The Majestic has won the highest award at every exposition since Majestics were first made nearly a quarter of a century ago. What greater testimony could be given the MAJESTIC quality and MAJESTIC efficiency than the unanimous verdict of so many juries of experts.

Capt. E. A. Hickman, U. S. A., who has been attached to the Signal Corps for the past two years with headquarters in Texas, has been ordered by the War department to the Philippines.

It Radiates All the Heat!

Come in *now* while our stock of Cole's Original Hot Blast Heaters is complete. It will enable you to make a better selection to best suit your own needs. This is but one example of the many money-saving and up-to-date articles that we carry in stock ready for your careful inspection.

Burn a Sunday Newspaper

in the old-fashioned oak stove and you will scarcely heat the stove. Try this experiment in a Cole's Hot Blast Heater

and you will at once notice the heat in the room. This remarkable heating power has been accomplished in

Cole's Original Hot Blast Heater

A Wooden Stove

If you had a stove with a surface of wood, lined with asbestos, you could not heat with it, because wood and asbestos are poor radiating surfaces.

The same is relatively true with cast iron and mica in base burners and oak stoves as compared with the large sensitive radiating body and bottom of Cole's Heaters, which radiate *all* the heat from the stove into the room.

Sizzling Base Heat

equal to any base burner. You can roast potatoes quicker in the ash pit of a Cole's Hot Blast than in the oven of your cook stove.

It will give you *all* the heat that is in your coal.

It will hold fire 36 hours without attention.

Burns any fuel—soft coal, hard coal or wood.

Come in and see it today.

"Cole's Hot Blast makes your coal pile last"

To avoid imitations look for "Cole's" on the feed door of each stove

Exhilarating Altitudes

Tempered Temperatures

The Santa Fe is the most comfortable summer route to California. All roads cross the western desert country, but the Santa Fe crosses it at its narrowest point. Annoyance of dust and smoke is prevented by oil-sprinkled road-bed and oil-burning engines. Sleepers and chair cars on through California trains are equipped with patent ventilators.
